IT CONSULTING

Acuity has the experience and resources to provide your company with excellent technical talent which will enable your project to be successful. We have 30+ years of project management experience

We can provide the best of IT consultants for your short term or long term projects. We even can provide the hard-to-find technical experts.

We can provide consultants to meet all your needs including:

- LAN/WAN Engineers
- Data Center Consultants
- Web Developers
- Programmers/Developers
- Project Managers
- Software/Enterprise Architects
- Security/Cloud Consultants
- Business/Systems Analysts
- Specialty IT Talent

SOFTWARE AND HARDWARE

Acuity is a great reseller to work with when you need software licenses or hardware purchases. We offer software licensing and hardware purchases as needed or we can provide through the State's CMAS and SLP contracts. We are eager to help in any way, including budgetary pricing and product research.

STATE OF CA CERTIFICATIONS AND CONTRACTS

Acuity is a certified small business and has an IT Consulting CMAS contract along with an IT MSA contract good up to 5 million dollars. We are CMAS and SLP and IT MSA experts. We are very responsive to our government clients!
